MESSAGE FROM THE CHAIRMAN OF THE BOARD OF DIRECTORS

Assalamu Alaikum

On behalf of the Board of Directors I would like to congratulate all students, staff and parents for their efforts and achievements during the 2009 school year.

The remarkable success of the previous year was again repeated in 2009 as the College once again enjoyed impressive academic results, success on the sporting field, a wealth of extra curricular activities and outstanding events including productions at assemblies, carnivals, food days, end of year presentation night and much more. My sincere congratulations to all involved

Our literacy/numeracy results from NAPLAN 2009 exceeded all expectations and were a great endorsement for the quality of teaching and learning experiences at Arkana College. I would like to convey my heartfelt thanks to all staff, students and parents. Our excellent results are a product of their collective effort and it was most rewarding to see our school amongst the highest category of schools according to the federal governments My School Website.

The infrastructure rollout continued with upgrades and refurbishments of all classrooms and play areas. This included new carpet, paint, resurfacing of play areas and the installation of interactive whiteboards. The school then commenced construction of the Building the Education Revolution project of a building which will include a hall, four classrooms, canteen and toilet block. Insha'Allah we plan to commence the construction of a new admin wing and library during the course of the 2010 academic year.

It is with satisfaction that we see Arkana College continuing to play a leading role in the Islamic school community , the broader Muslim community and amongst the different communities of NSW. In particular our engagement with St. Mary and St. Mina Coptic College is a wonderful reflection of our values program. Our triumphs have not gone unnoticed and it gave me great delight to see our school acknowledged in the State parliament of NSW for their success and contribution to community and social cohesion.

In conclusion I hope that with our experiences and lessons learnt over the last 23 years, we will be able to further advance our school and achieve our goals with great distinction in all facets of schooling.

Wasslamu Alaikum

Mohammed A Helal

Chairman

Arkana College Board

Statement from the Principal

Assalamu Alaikum

As the Principal of Arkana College I am overwhelmed by joy and excitement at the success of the College in the year 2009. Our mission is to provide the children of the community with a quality teaching and learning experience that pursues and promotes a holistic extra curricular and values program whilst preserving the tenets of the Islamic faith, the legacy (sunnah) of the prophet Mohammed s.a.w. and the basics of the Arabic language. In doing this we aim to develop students who are proud Australians who contribute to the local and wider community whilst maintain the traditions and faith of their families which has sustained many, generations previously. The College continues to strong and broad community appeal as reflected in the record demand for student placements during 2009.

There have been numerous highlights that stand out for me in 2009, this includes our sporting victories, SRC exchanges to other schools, success at creative writing/public speaking competitions, celebrating Islamic festivals and significant days, our second annual in school ANZAC ceremony, excursions and camps (including Melbourne and Lake Macquarie) , book week character parade, Harmony day, maintaining a dynamic website, upgrades to facilities including new interactive whiteboards and of course preparing the annual Yearbook

The highlight for me however was our outstanding NAPLAN results which exceeded all expectations and are amongst the best schools according to the My School website and other media reports. I am excited at our refurbishments to existing classrooms and play areas and I wait with great excitement as we prepare to have our BER project completed. This project will include a hall, four classrooms, canteen, toilet block and undercroft area. In the second half of 2010 we plan to Insha'Allah commence construction of a new admin wing and library. This will finally provide our students with the facilities and resources which they so richly deserve.

As Arkana College grows and its students graduate to the next exciting phase of their lives, Insha'Allah, my earnest hope is that the college will continuously improve it's delivery of quality education for the social, academic and spiritual advancement of our children.

Arkana College continued it's association with a number of other schools and established a sound relationship with St. Mary and St. Mina Coptic College. Arkana College hosted the Islamic School awards ceremony at Bankstown Town Hall which included 9 schools and over 200 students. Arkana College also hosted 36 children from 9 other Islamic schools who participated in an inter school public speaking competition. In March 2009 the ACIES national conference was held at Arkana College, this event was attended by 17 principals of Islamic schools from across Australia as well as numerous other guests and presenters. During Ramadan of 2009 I was asked to MC the 2009 NSW parliament Iftar which significantly raised the profile of the school. This was followed by visits to the school by numerous members of different local councils and parliamentarians including the Shadow Minister for education. This culminated in a speech delivered in the NSW Parliament by the Hon. John Ajaka MLC which highlighted the many successes of Arkana College.

I would again like to thank the hard working staff, students and families of our college community for their ongoing care and tremendous dedication. I'd also like to thank the Board of Directors in supporting my initiatives and for their significant contribution during 2009. It has truly been a remarkable and most satisfying school year and I look forward to a continuation of this success in 2010.

Discipline includes meetings with the child and teachers and occasionally with the Head Teacher, Principal and Chaplain.

Repeated poor behavior may result in detention at recess/lunch. The school also has a reward system that includes awards, privileges and prizes.

No children were suspended/expelled during the 2009 school year. There was no serious breach of the discipline policy other than general discipline issues.

Complaints and Grievances

At Arkana the policy for dealing with such complaints and grievances include processes for raising and responding to matters of concern, as identified by the parents and/or students. At all times these processes incorporate, as appropriate, principles of procedural fairness.

Complaints and grievances may be brought up with the teacher and if necessary the Head Teacher. If still unsatisfied or in sensitive/special circumstances students/parents may bring their complaint/grievance to the Principal. The Principal also makes his email address public so that matters can be raised with him. In general all queries are answered within three days.

If still unsatisfied after meeting with the Principal the matter can be raised with the school Board.

If still unsatisfied the parent is directed to the relevant authorities.

REPORTING AREA 7 – ENROLMENT POLICIES AND PROFILES

Arkana College is co-educational Independent Primary K-6 School, providing an education that upholds Islamic values and is operating within the policies of the NSW Board of Studies. All applications will be processed in order of receipt and consideration is given to the siblings already attending the school and other criteria determined by the school from time to time. Once enrolled the children are expected to support the school's ethos and to participate in a full school life, and comply with the school rules to maintain the enrolment. Failure to pay school fees can lead to termination of enrolment unless financial hardship or family trauma is reported to the school.

All children enrolling at our school deserve a smooth transition that enables them to become part of our school with a minimum of disruption and maximum support.

Procedures

1. All applications should be processed within the school's enrolment policy.
2. Consider each applicant's educational needs to do this the school will need to gather information and consult with parent/family or other relevant persons.
3. Identify any strategies which may need to be put into place to accommodate applicant before a decision regarding enrolment is made.
4. Inform the applicant of the outcome.

REPORTING AREA 8 – SCHOOL IMPROVEMENT TARGETS FOR 2010

The process for determining improvement targets for 2010 involved senior staff and Principal examining external data (NAPLAN, UNSW ICAS exams), internal data (in school assessments), staff meetings and consultation with the Board of Directors.

TEACHING AND LEARNING

Improvement Targets include

- Appointing a teacher aide to assist with ES1 and provide limited assistance to Stage 1 classes
- Increased literacy support for stage one, two and three
- Increased emphasis on creative writing
- Professional competency standards for recent graduates and other New Scheme Teachers

At Arkana, comprehensive and ongoing assessment procedures and policies are in place and are followed by all teachers from K-6, these are discussed at curriculum meetings in

week 2,6,10 of each term. These meetings ensure that teaching and learning performance targets are being met.

All teachers have incorporated Blooms Taxonomy (different levels of learning) ie application, reflection. Other initiatives implemented/enhanced include:

- Grading, marking by producing and implementing text type rubric style proformas. Grading procedures were also reviewed so that grades allocated are reflective of Board of Studies expectations rather than those determined by the school or teacher.
- LIEN Mathematics
- Whole School Diagnostic Assessment Plan
- Scope & Sequences for each KLA (adhering to Foundation Statements)

The school is determined to continue it's strong focus on Literacy/numeracy but would like to implement more of an emphasis on science by allocating more time/resources toward science in the second half of 2009.

REPORTING AREA 9 PARENT, STUDENT AND TEACHER SATISFACTION

Parent teacher and teacher Satisfaction

Arkana College has an 'open door' policy with parent involvement welcomed. Parents are encouraged to communicate with teachers through the student diary, staff email, phone calls and interviews. The Principal also meets with the Parent Council at least once a fortnight and this is an important vehicle by which to gauge the level of parent satisfaction

The Principal also distributes regular notices to parents as well as a newsletter which is written in week 2,6,10 of each term. Parents are also encouraged to regularly keep in touch with the schools website which contains important information about the school.

Staff meet usually once a week in formal meetings where they may express their thoughts. Staff are also welcome to email or see the Principal in person for any matters that are causing them concern.

Grievances

The school has a strong parent grievance policy where parents have a forum and an opportunity to air levels of satisfaction as well as dissatisfaction. Parents are encouraged to correspond by email directly with the teacher, Head Teacher and/or Principal.

The Principal is always readily available for interviews and in most cases will follow up with the parents concern within three days, preferably by email.

Grievances can also be conveyed via the Parent Council (PC). If parents are not satisfied with the outcome of their grievance they may seek a meeting with the Chairman of the Board and a committee of school Directors

Staff who are unsatisfied with the schools policies may take their grievance to the Principal and if necessary to the Board of Directors. If still unsatisfied the matter may be referred to an external agency (union, Industrial Relations tribunal). Those external agencies will then deal directly with the schools legal representatives (appointed by AIS) rather than with the school directly.

Teachers who are performing incompetently or against the ethos of the school are informed in writing by the Principal.

Survey and Survey results

A survey is also sent home (see below) to gain feedback on parental thoughts/concerns and regular school notices/newsletters are distributed so that parents are kept informed.

Surveys are anonymous and distributed to all parents of the school in 2009. In total 28 surveys were received representing about 30% of all families
